

# Quality Testing, Inc.

ISO 9001 Certified

DSBS Small  
Business Profile

UEI : UUWXJJY8XK22 | CAGE CODE : 34GV6

## BACKGROUND

Quality Testing, Inc., is a responsive & responsible small business founded in 1996 to meet the need for a professionally run mechanical testing laboratory for physical properties testing and identification of primary steel or welded materials. Since then, we have developed into a full-service laboratory providing turn-key testing solutions. If it's metal, and you need answers, we can assist.

## CORE COMPETENCIES

- WPS/PQR Development & Testing
- Mechanical Testing
- Metallurgical Engineering/Consultation
- Corrosion Testing
- Fracture Mechanics - CTOD, J1C
- Fatigue Testing up to 30 Hz
- OES Chemical Analysis
- Specimen Machining

## NAICS Codes

### Primary

541380 - Testing Laboratories and Services

541690 - Other Scientific & Tech Consulting Services

541990 - All Other Professional, Scientific, & Tech Services

332710 - Machine Shops

## DIFFERENTIATORS

- Personalized Service
- Highly skilled technicians
- CWI on Staff
- Equipped for high volume production
- CNC Mills & Lathes
- Calibrated Test Equipment
- Problem Solvers

## CERTIFICATIONS

## PAST PERFORMANCE

U.S. Navy	NAWCAD - Lakehurst	Exxon
Turner Industries	Los Alamos National Laboratory	Dura-Bond Pipe
Shaw Group	Lister Chain & Forge	DLA-Industrial Hardware
Shell	Irving Shipbuilding	Chevron
Newport News Shipbuilding	Huntington Ingalls Shipbuilding	Bradken-Amite

**ACCURATE RESULTS ON TIME THROUGH TECHNOLOGY**
